

Skit #7: LP—3rd Petition

Dramatis Personae:

Carmen

Will

[Enter Carmen & Will. Carmen is holding a map, looking at it and walking. Will is following her, looking tired.]

W: Carmen, we've been walking for hours! Are you sure you're following the map right?

C: Close enough!

W: What do you mean, "Close enough"? You can't just follow a map, "Close enough!" You need to follow it exactly!

C: Whatever. We'll get there eventually!

W: Eventually?!? How about *today*, Carmen? Give me the map!

C: Fine, but I doubt it'll make sense to you. It's written in Japanese. [Hands map to Will.]

W: Japanese? Carmen, you were holding it upside-down! We're going the wrong way!

C: Well, that explains it. All we need to do is go backwards, and we'll get there! See? I told you we'd find it!

W: Yeah, but next time, let's go the right way in the first place! [Exeunt.]
